BankInvest Group signs agreement with Acubiz for delivery of Acubiz EMS (Expense Management System)

Birkeroed (Denmark), 7 April 2008 – Acubiz A/S, one of Europe’s leading suppliers of web based expense management systems, signs agreement with BankInvest Group – a leading Nordic independent asset manager with unit trust, venture funds and larger private and institutional security portfolios – with regards to implementation of Acubiz EMS.

”A wish to optimise the daily routines in the expense management area was the key to our dialogue with Acubiz. Companies who are already using Acubiz EMS have given us a very positive impression”, says Rikke Rosvall, Head of Group Finance at BankInvest, and continues: ”We are looking forward to a significant efficiency improvement in our daily routines and thereby ensure that our employees can focus on their core competences and spend less time on routine and time-consuming travel expense statements.”

”We are looking forward to our cooperation and to welcome BankInvest amongst our Acubiz EMS users,” adds Lars de Nully, CEO at Acubiz A/S.

###

About Acubiz A/S:

In just 10 years Acubiz A/S has developed into one of Europe’s leading suppliers of web based expense management systems. Acubiz EMS (Expense Management System) is now used by more than 25.000 corporate users in 8 countries. Acubiz EMS and CEM are developed with focus on simplifying daily routines for all employees – and thus provide companies with significant savings through automation of manual processes.

About BankInvest:

The BankInvest Group is one of the leading independent asset managers in the Nordic region. The group was founded in Denmark in 1969 by a number of local and regional banks

With more than 35 years of experience, with assets worth more than DKK 160 billion under management and more than 200,000 private and institutional investors; the BankInvest Group is Denmark’s third largest asset manager.
